Baby Aleeda was born with Hypoplastic Left Heart Syndrome in 2012. She has recovered from 3 surgeries and is now a healthy, happy little girl who just celebrated her 4th birthday. Her mom, Tania stayed at RMHC Toronto for a total of 572 days during the wait for Aleeda's heart transplant.

Aleeda's grandmother has chosen to combine her love of pickleball and show her deep appreciation to RMHC Toronto by organizing the 3rd Annual Pickleball Tournament. Last year over \$4500 was raised to help other seriously ill children and their families find a "home away from home" at Ronald McDonald House Toronto.
