

February 17, 2015

Dear supporters of the Friendly Play Pickleball Tournament,

We are pleased to let you know that the Woodstock Badminton Club will be holding their second annual Friendly Play Pickleball Tournament on May 9, 2015.

All proceeds from this tournament will go towards families with seriously ill children staying at Ronald McDonald House Toronto (RMH Toronto). For over 32 years, RMH Toronto has provided out of town families with a place to heal better together while they seek treatment for their seriously ill children. Between the House in downtown Toronto and three in-hospital Family Rooms, RMH Toronto is proud to serve more families than ever. Whether it's giving families an opportunity to gather around the dinner table after a long day at the hospital, or a place for them to find refuge and comfort within the hospital itself, RMH Toronto truly is their "home away from home".

The support and commitment of volunteers and donors ensures we are able to support these families when they need it most. For every \$125 raised through community events like the Friendly Play Pickleball Tournament, a family will be able to spend a night together at RMH Toronto. We are so grateful for the kind support we receive through this event, your generosity and commitment to help make it a success would be greatly appreciated.

Should you have any questions about RMH Toronto and what your support will be helping to make possible, please feel free to reach me at (416) 977-0458 ext. 264.

Thank you for your kind support and interest in our families!

Yours sincerely,

Julian Foreman
Development Officer
